

**COLOUR:**

A pretty perennial moss serving with good persistence. The dress is a pretty old gold hue. The clarity is perfect.

**NOSE:**

The first nose expresses elegance and delicacy. Aeration, notes of gingerbread and citrus candied decorate this pretty aromatic bouquet. In the final, a touch of old alcohol (mirabelle) and dried foliage.

**PALATE:**

The attack on the palate is refreshing and delicious. A nice maturity is expressed with a fern character-floral that complements the palette aromatic perceived on the nose. The structure of the end of mouth is elegant and tasty.
